SuperBox for TV is an authorized SuperBox dealer, ensuring 100% authentic SuperBox TV Box devices including **SuperBox S6**, **SuperBox S7** & **SuperBox S8** with full warranty support in US & Canada. SuperBox for TV operates exclusively as a specialized distributor of physical consumer electronics and high-performance Android media hardware.

Our commercial scope is strictly limited to the retail sale, technical support, and logistical fulfillment of open-platform Android media player units (including the SuperBox S8, SuperBox S7, SuperBox S6 series, and SuperBox Projector). To provide complete transparency regarding our operational boundaries and legal liability under United States federal and state laws, this comprehensive Legal Disclaimer outlines the exact legal, technical, and content limitations of the hardware we distribute.

SEC-01

Comprehensive Hardware Non-Hosting Declaration

SuperBox for TV supplies physical electronics hardware only:

NON-HOSTING ARCHITECTURE At no point do we host, upload, encode, transcode, stream, broadcast, transmit, retransmit, or resell any digital TV channels, live sports feeds, movies, VOD media, or IPTV subscriptions.	NO MEDIA LICENSING We do not hold, broker, or maintain licensing agreements for television broadcast networks, sports entertainment providers, film studios, or digital streaming platforms.	BLANK OPEN FRAMEWORK A SuperBox unit is functionally and legally equivalent to an unlocked smartphone or PC. Devices are delivered with a standard, factory-clean open-source Android operating system.
---	---	--

What software, applications, browser bookmarks, or media feeds are subsequently downloaded, installed, or configured on the hardware is entirely the independent choice and sole legal responsibility of the end user. This non-hosting hardware disclosure forms a binding legal annex to our Terms of Service; accessing this website or purchasing our hardware establishes statutory acceptance of these operational boundaries.

[SEC-02] End-User Statutory Compliance and Legal Responsibility

By purchasing and configuring SuperBox hardware, you accept complete, unreserved personal responsibility for your usage of the device:

- **Copyright Law Adherence:** It is the strict legal duty of the user to ensure full compliance with the United States Copyright Act of 1976 (Title 17 of the United States Code), all applicable state laws, and relevant international intellectual property treaties.
- **Prohibition of Unlawful Streaming:** SuperBox for TV strictly discourages the use of open Android hardware for unauthorized, unlicensed, or unlawful streaming activities. We strongly urge all consumers to access digital entertainment exclusively through legitimately licensed, authorized content distributors and official subscription services.
- **Civil and Criminal Liability:** The end user assumes total civil and criminal liability for the installation, operation, and consumption of any third-party applications, external APK packages, or independent streaming servers accessed through the hardware.

[SEC-03] Third-Party Software and Application Ecosystem Disclaimer

NO EXTERNAL SOFTWARE WARRANTIES

We provide no warranties, representations, or endorsements regarding any third-party application, APK file, or external streaming service. We make no representations concerning continuous availability, broadcast quality, server uptime, or licensing of software developed outside our direct control.

INDEPENDENT DEVELOPER OPERATIONS

Third-party developers and server operators govern their own networks. Applications may experience outages, interface updates, independent access fees, or be permanently discontinued by creators or law enforcement without notice. We accept zero liability for third-party service loss.

[SEC-05] Digital Content Protection and DMCA Notice
